

**Subject:** FY 2017 Alternative Fuel Corridor Designations

Hello:

Thank you for nominating corridors across the country to be considered for designation as part of FHWA’s Alternative Fuel Corridor (AFC) Program. Attached are final “corridor-ready” and “corridor-pending” designation tables for each fuel type by nominating official and lead agency. The tables and a set of corridor maps will be posted to both FHWA’s [AFC website](#) and [GIS website](#) this afternoon or tomorrow

If you have questions regarding a designated corridor, feel free to contact one of the AFC program managers below.

Thanks, Diane
