

CCFC Projects & Activities Update

March 2016

Current & Past Projects

Southeast Alternative Fuel Demonstration Initiative

The Southeast Alternative Fuel Demonstration initiative is underway! If you are interested in applying to demo a vehicle please visit www.sadidemo.org or email Erika at eruane@centralina.org. These are the vehicles that will be in the Greater Charlotte Region for demonstrations:

- **2014 Ford F150**, Propane Autogas, April-June 2016
- **2015 Ford Explorer Interceptor**, Propane Autogas, April-June 2016
- **2015 Ford Transit 15-Passenger**, Propane Autogas, April-June 2016
- **2014 Ford Police SUV**, Propane Autogas, October-December 2016
- **2015 Dodge Charger Pursuit**, Propane Autogas, October-December 2016
- **2015 Freightliner M2 112 Straight Truck**, CNG, April-September 2016
- **2015 Freightliner Cascadia 113 Single Axle Day Cab**, CNG, April-September 2016
- **2015 Freightliner Cascadia 113 Tandem Day Cab**, CNG, April-September 2016

2015 Clean Cities Annual Report

The annual report helps the Department of Energy track progress toward its petroleum savings goals and justifies to Congress why programs, alternative fuels, and advanced vehicle technologies that reduce petroleum consumption deserve continued funding. These accomplishments are the basis for future federal opportunities, grants or otherwise, to assist you and other clean transportation leaders in ongoing efforts to reduce our dependence on petroleum. This report justifies what we do as a coalition and without your support that would not be possible. Thank you to everyone who filled out this year's report!

Clean Fuel Advanced Technology (CFAT) Program

Awardees for the fourth phase of the Clean Fuel Advanced Technology grant will be notified by April 15, 2016. If you were interested in applying, but missed the deadline, don't worry! Another RFP will be released in June 2016.

Upcoming Conferences & Events

State Energy Conference: April 20th – 21st

Advanced registration available until April 15.

For more information about this event, please contact Erika Ruane at ERuane@centralina.org.

Announcements

Coalition Sustainability

Thank you to the organizations who have already donated to the coalition. So far, we have received \$6,000 in sponsorships, with pledges for more! These donations will help ensure a long and healthy future for CCFC by providing resources that will enhance the ability to deliver expanded benefits to you, our stakeholders. With increased funding, CCFC aims to support the missions of our stakeholder organizations through increased technical assistance, publicity efforts, grant advisements, and more. If you would like to become a sponsor, please contact Erika Ruane at eruane@centralina.org or (704) 688-6508.

About the Centralina Clean Fuels Coalition

We support and promote the reduction of petroleum dependence, improvements in air quality, and increased alternative fuel usage through education, funding access, and public/private partnerships. We're a local effort of a North Carolina regional planning agency called the Centralina Council of Governments, which involves Anson, Cabarrus, Gaston, Iredell, Lincoln, Mecklenburg, Rowan, Stanly, and Union counties.

For more information on the CCFC, please contact Jason Wager (jwager@centralina.org), Jessica Hill (jhill@centralina.org), or Erika Ruane (ERuane@centralina.org), or visit www.4cleanfuels.com
